

TIP OF THE WEEK

HOW TO FIND COPPER PENNIES

**TERTIARY
PREPPER™**

THE PROBLEM

Precious metals are too expensive to purchase today to protect wealth.

THE SOLUTION

Most people overlook pennies. Preppers don't. You can slowly acquire wealth, one penny at a time.

MATERIALS NEEDED

Pennies dated 1981 or earlier.
Coin wrappers, tubes, or airtight containers.

Small container or jar.

QUICK STEPS

- 1 Search your change. Look for pre-1982 pennies.
- 2 Purchase penny rolls from banks and look for the copper.
- 3 Visit yard sales.
- 4 Check flea markets.
- 5 Metal detect for copper pennies. (If you purchase a machine for prepping).

THINGS TO REMEMBER

- ✓ Pre-1982 pennies are 95% copper.
- ✓ Copper prices change daily.
- ✓ Small amounts add up over time.

COMMON MISTAKES

- ✗ Thinking pennies have "no value".
- ✗ Confusing the years of pennies that are copper.
- ✗ Spending copper pennies.
- ✗ Not being consistent.

FIELD NOTES

- ✓ A jar of old pennies can be worth real money.
- ✓ Wheat pennies (1909 - 1958) carry extra value.
- ✓ 146 pre-1982 copper pennies = 1lb of copper.

TERTIARY TAKEAWAY

Wealth is not built in a day. It is built in small, consistent steps that others ignore.
